

BURL & BOW

D O O R S O F D I S T I N C T I O N

At Burl & Bow we never compromise on our quality, enabling us to offer you a range of outstanding high-performance doors, for your perfect choice.

On design, we know protecting your home and you family is a major factor, so all our doors are secured by design (SBD) offering the Police Flagship initiative of 'designing out of crime'.

We offer you the choice of locking systems that suits your door – Lever / Lever or an Automatic AV2 multi-point slam secure lock, both of which are the latest in door lock technology. Whichever locking system you choose, your door will be PAS24 and BS6375 approved with a kitemarked cylinder lock as standard.

Not only a beautiful door, but Burl & Bow Timber doors will withstand the test of time, offering 20% more insulation making them more thermally efficient than any standard composite door.

Having the latest in CNC machinery / technology, Burl & Bow offer 84 distinctive appearance style doors, with a wide choice of colours and being personally designed for you.

Whilst other doors can be unmaintainable after scratches or wear and tear appears, our timber doors offer much greater longevity, they can be restored or updated at any time, bringing your door back to its former glory.
